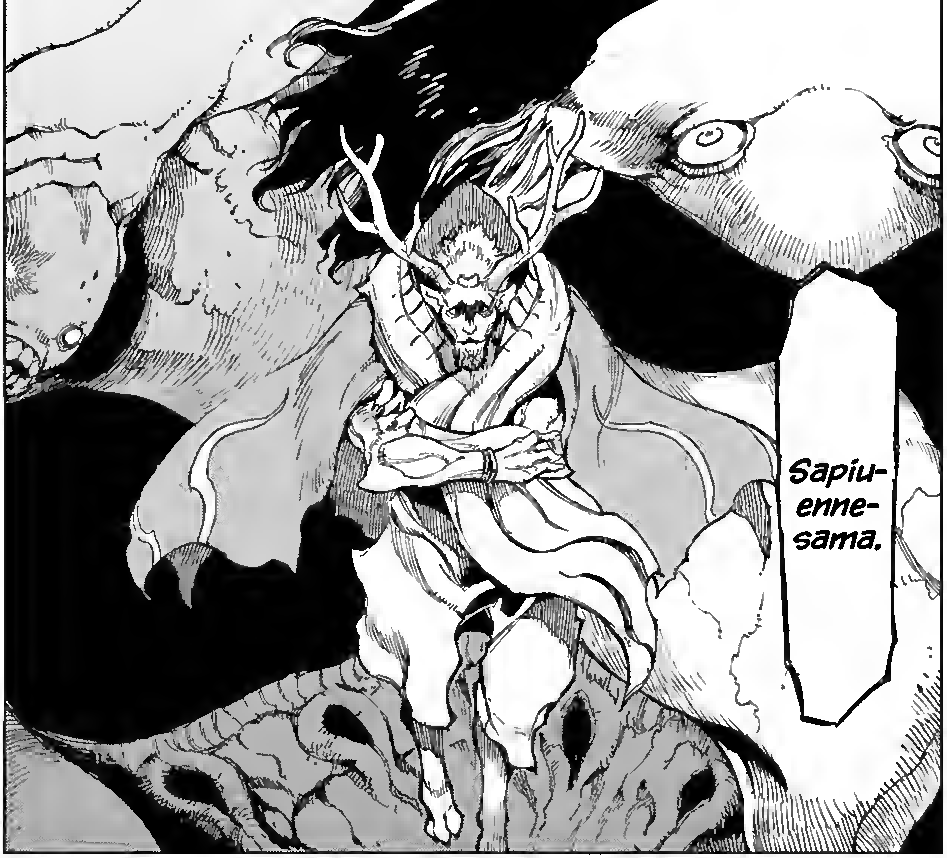
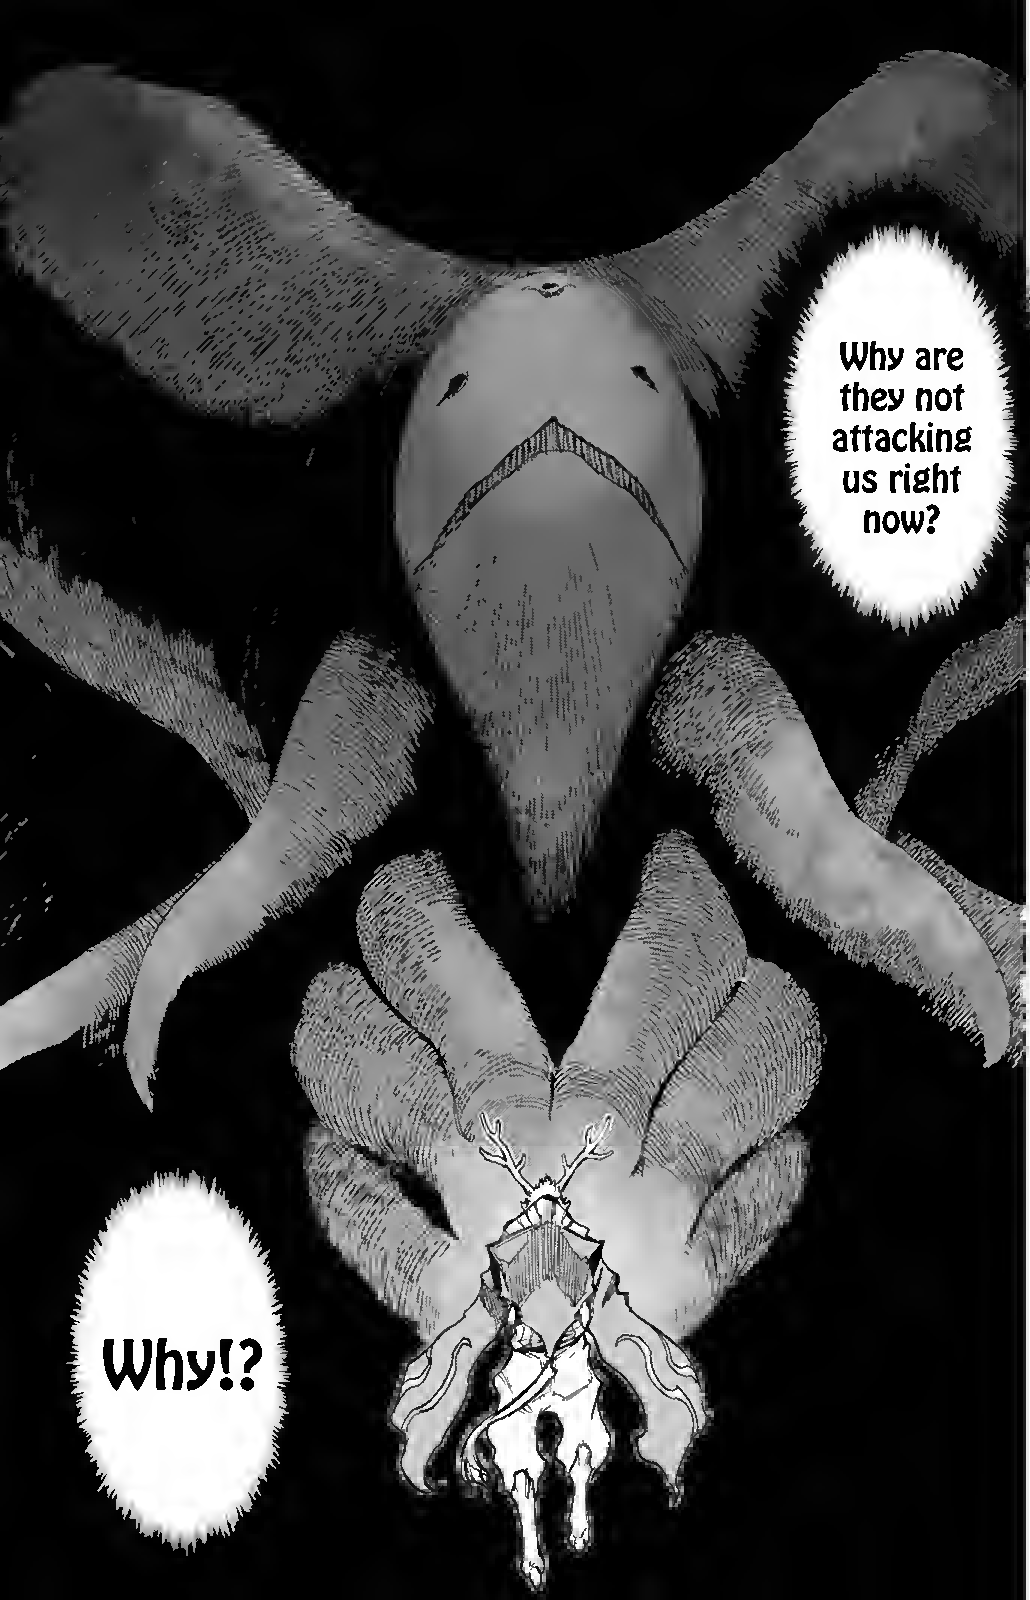
6: Assembling at the Imperial Capital

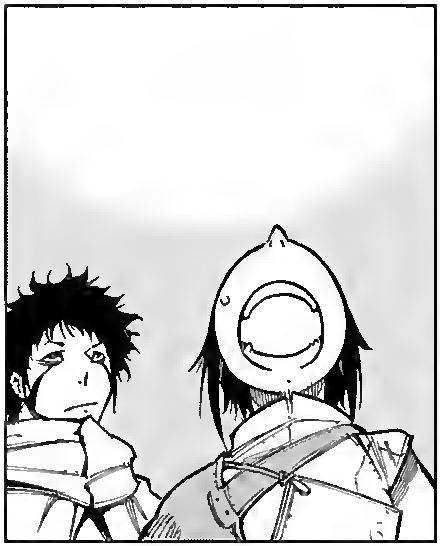


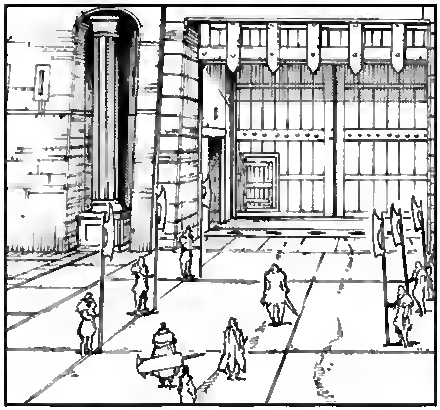
Sapiu-enne-sama.

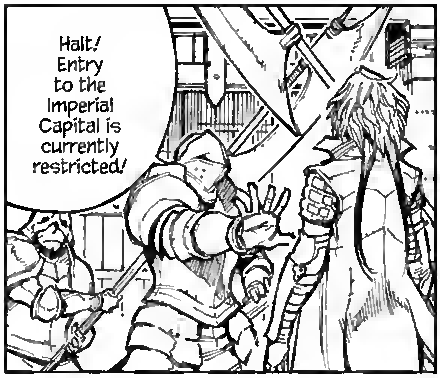
Have you not found the one who destroyed Igni yet?
Not yet...
Despite them having the power...
to defeat us Demon King lords... To defeat Demon Kings even higher ranked than me...



Why are they not attacking us right now?
Why!?



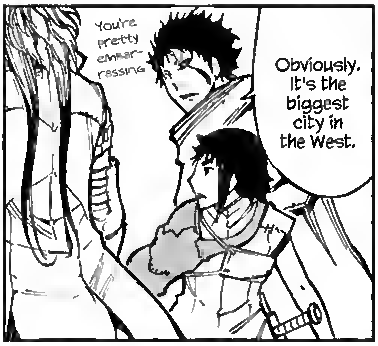




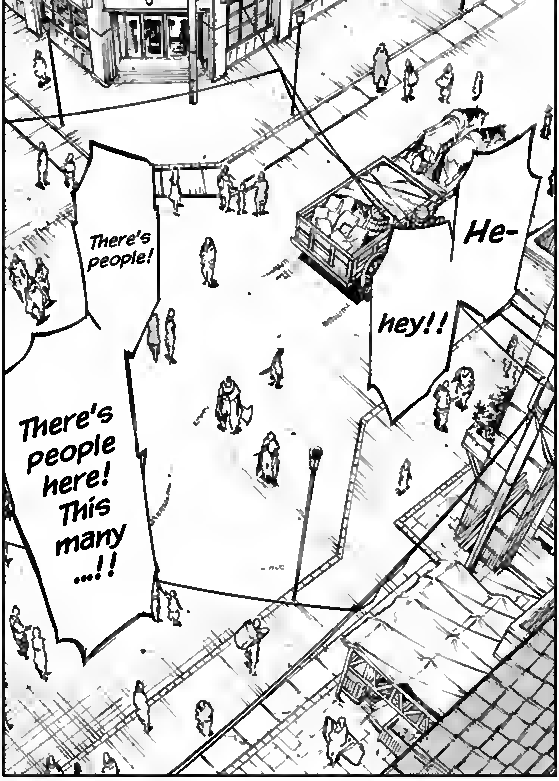
Halt! Entry to the Imperial Capital is currently restricted!

The Company of Heroes, huh? Hurry and report to the castle!
I am Adu of the Company of Heroes, from the country of Azul.
Same, I'm Yomi of the Gale Sword.
Same, I'm Jung of the Company of Heroes.
And what the heck's a "Gale Sword"?
You're a different story.

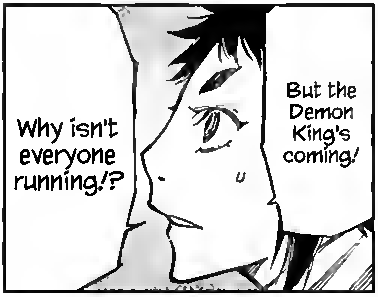
We didn't come to sightsee.
Ho ehh~



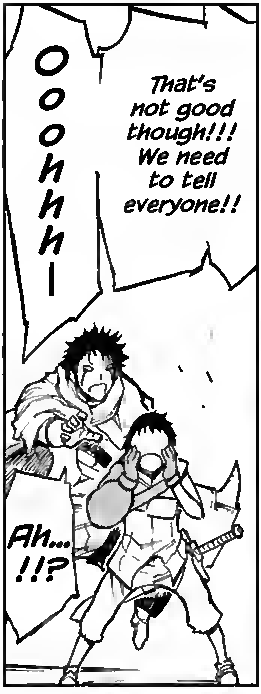
You're pretty embarrassing
Obviously. It's the biggest city in the West.



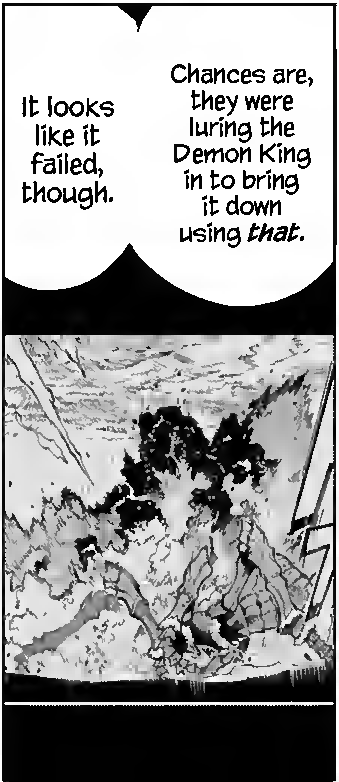
There's people!
He-
hey!!
There's people here! This many ...!!



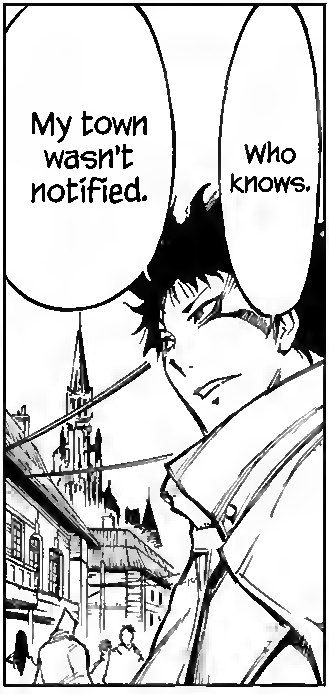
Why isn't everyone running!?
But the Demon King's coming!



Ooohhh!
That's not good though!!! We need to tell everyone!!
Ah... !!?

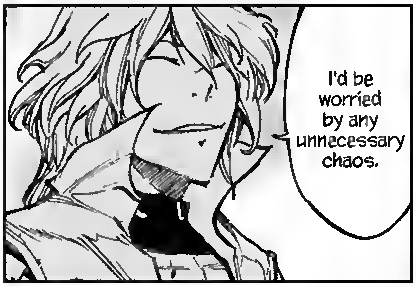


It looks like it failed, though.
Chances are, they were luring the Demon King in to bring it down using that.

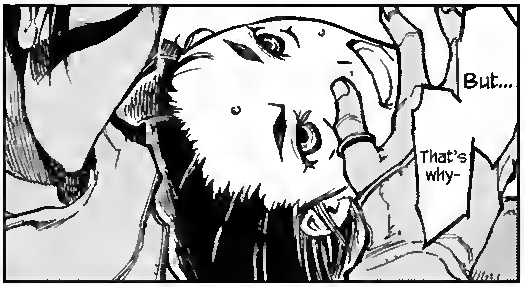


My town wasn't notified.
Who knows.

And to begin with, how would this many humans get anywhere?
What do you think would happen to this secluded place if there was wide-spread panic?
Wait!

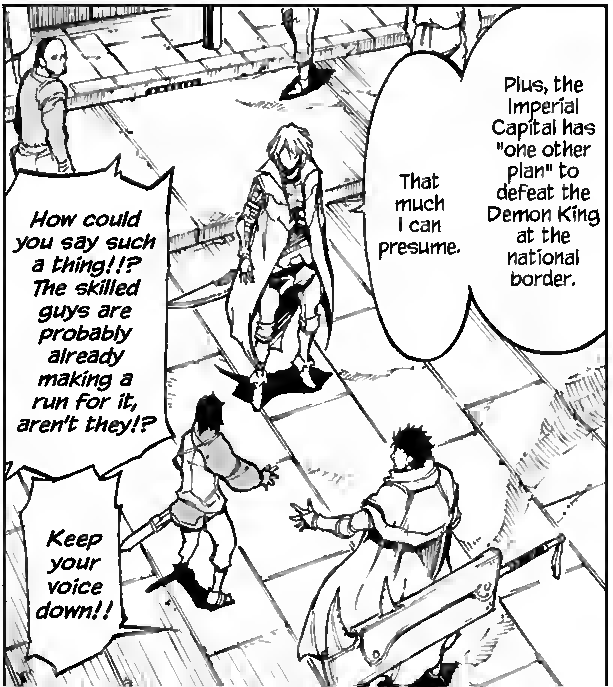


I'd be worried by any unnecessary chaos.

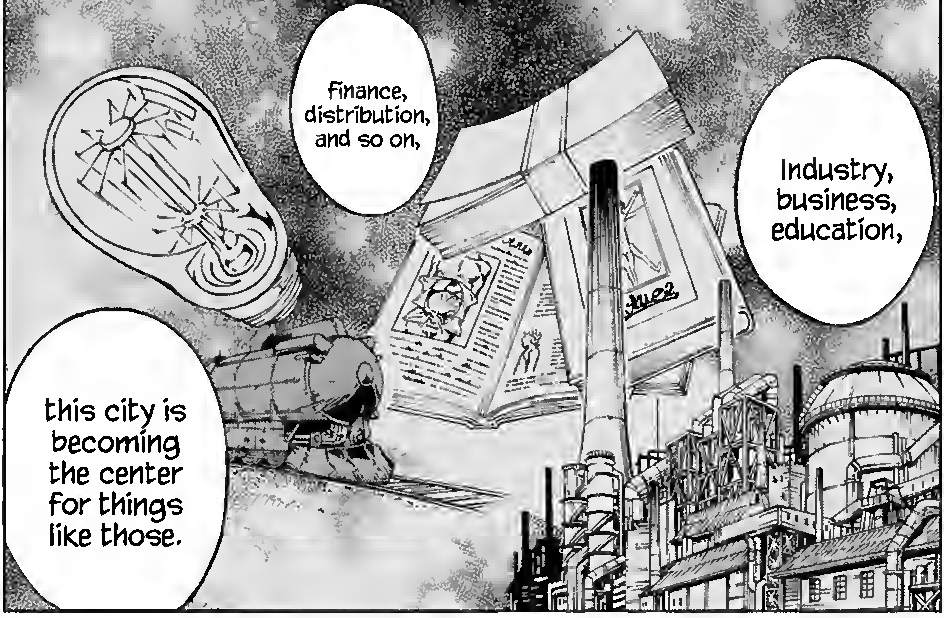


But...
That's why-

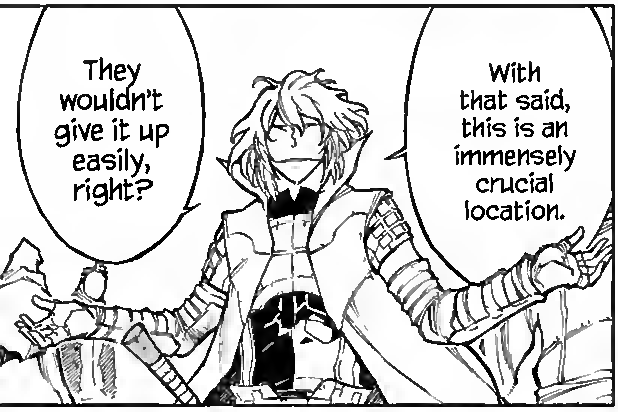
In other words...
This city is the world's last fortress.



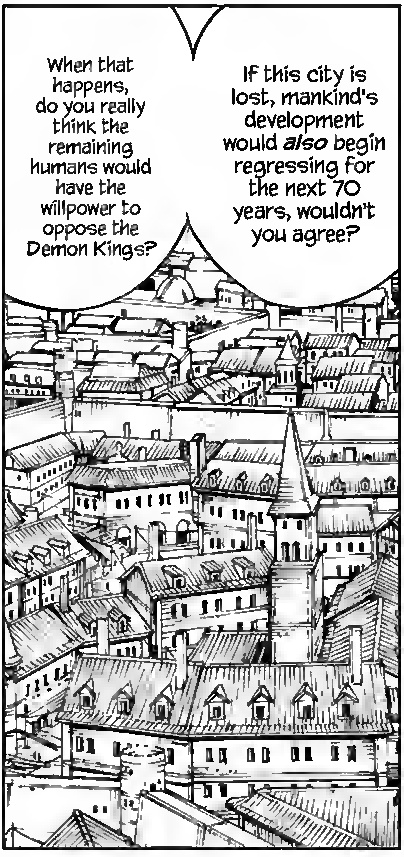
How could you say such a thing!!? The skilled guys are probably already making a run for it, aren't they!?
Keep your voice down!!
That much I can presume.
Plus, the Imperial Capital has "one other plan" to defeat the Demon King at the national border.



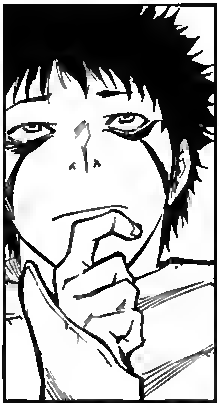
Finance, distribution, and so on,
Industry, business, education,
this city is becoming the center for things like those.

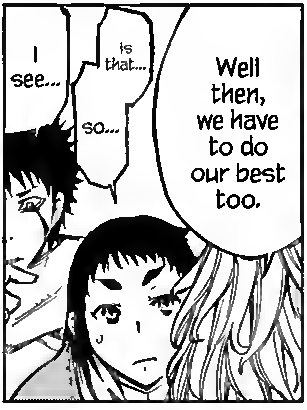


They wouldn't give it up easily, right?
With that said, this is an immensely crucial location.



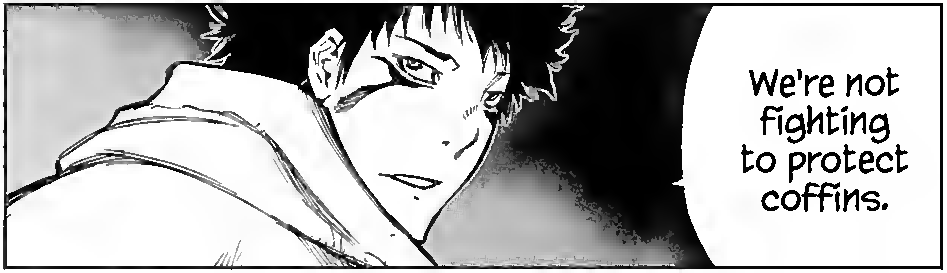
When that happens, do you really think the remaining humans would have the willpower to oppose the Demon Kings?
If this city is lost, mankind's development would *also* begin regressing for the next 70 years, wouldn't you agree?



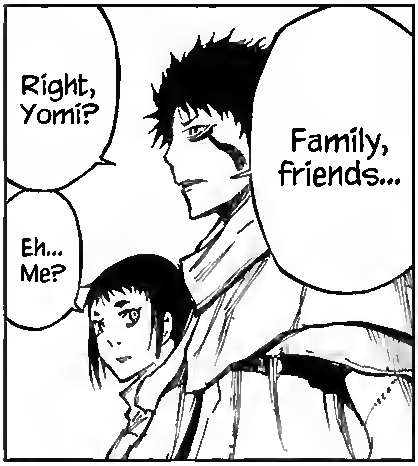


I see...
Is that...
so...
Well then, we have to do our best too.

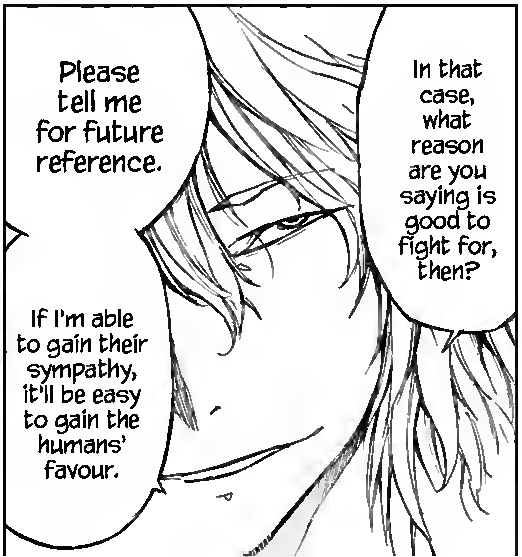
human population will quickly increase once more.
As long as the Imperial Capital's infrastructure, its main feature, remains,
But, you know, this place might turn into a battlefield!
I was taught by a demon...
In the end, I think evacuating is-



We're not fighting to protect coffins.



Family, friends...
Right, Yomi?
Eh... Me?

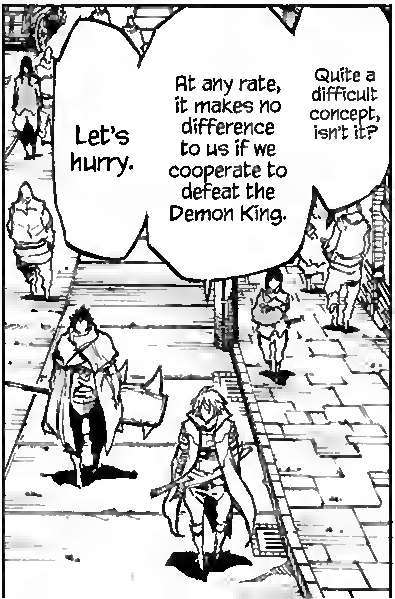


In that case, what reason are you saying is good to fight for, then?
Please tell me for future reference.
If I'm able to gain their sympathy, it'll be easy to gain the humans' favour.

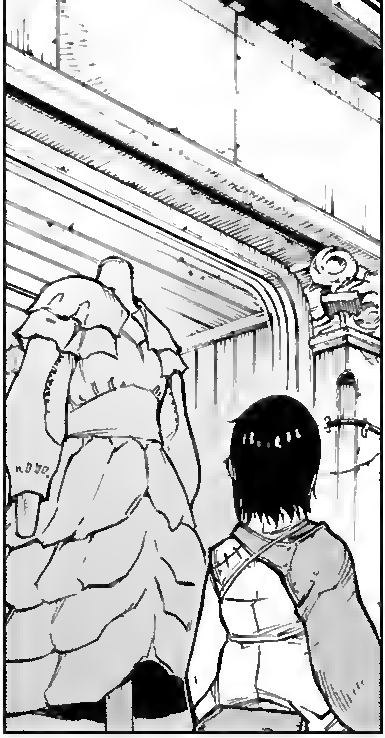
Us doing this is just part of a course of events too, which means...
And doing it for the sake of everyone is asking for too much, so...
I don't have people like those, so I'm not really sure, but...

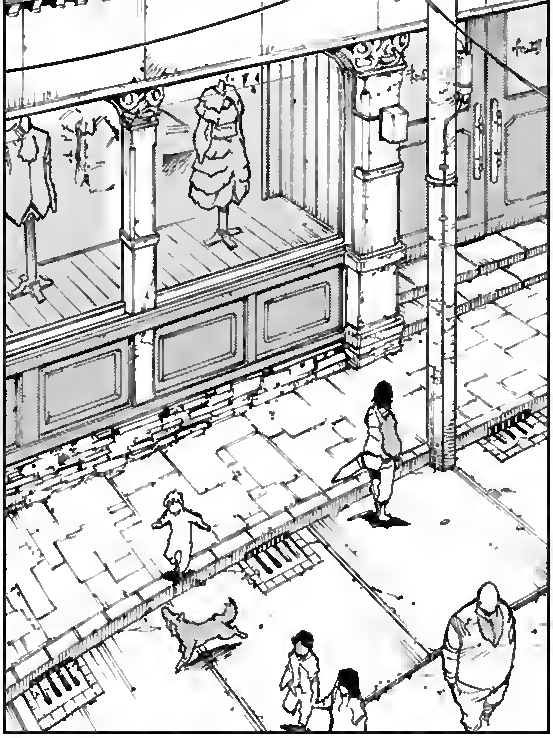
I don't get the point
Yeah...

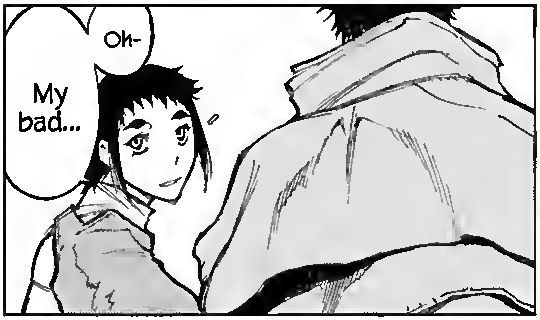
I think it's because I lived getting by day-by-day after leaving the church...
It's hard to think with words, huh?



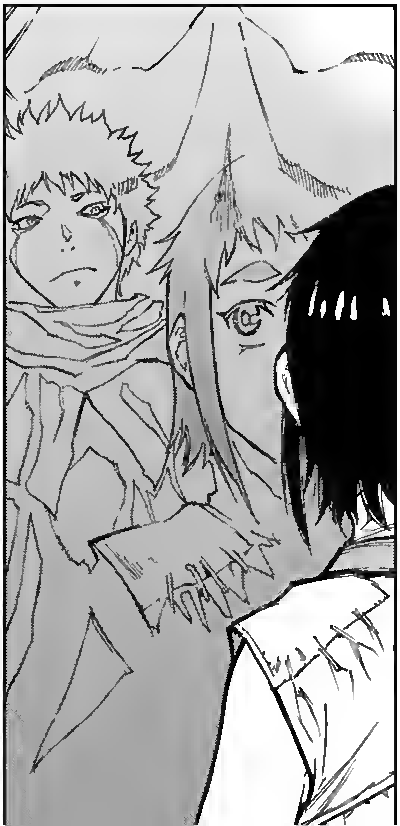
Let's hurry.
At any rate, it makes no difference to us if we cooperate to defeat the Demon King.
Quite a difficult concept, isn't it?

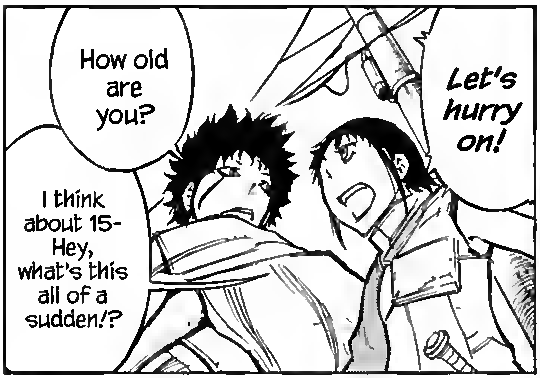






Oh-
My bad...



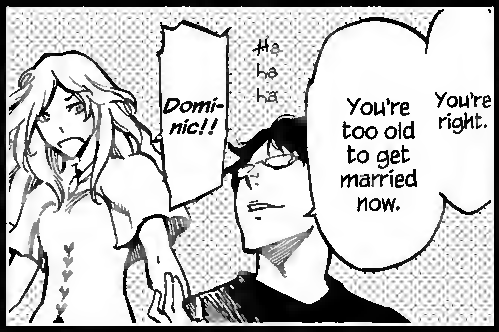


How old are you?
Let's hurry on!
I think about 15-
Hey, what's this all of a sudden!?

What do you think?

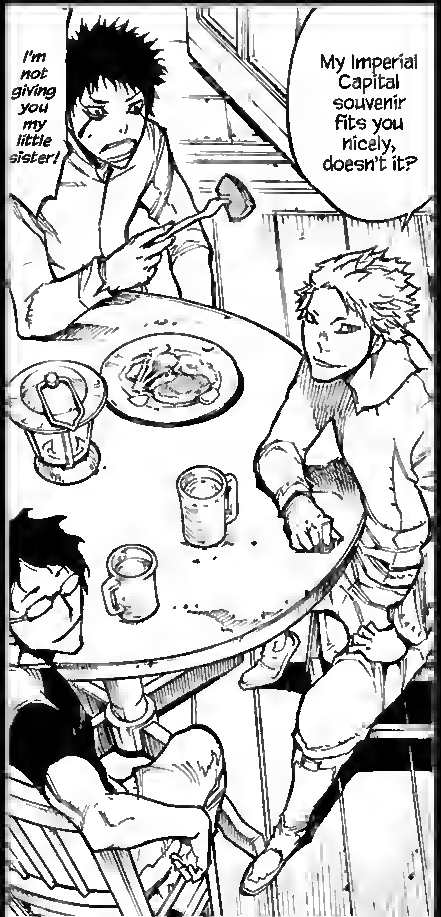
Sorry for the delay!
Now that I think about it, you're much younger than Marie, aren't you?

How old do you think I am!?
Quit that already!



Domi-nic!!
He he he
You're too old to get married now.
You're right.

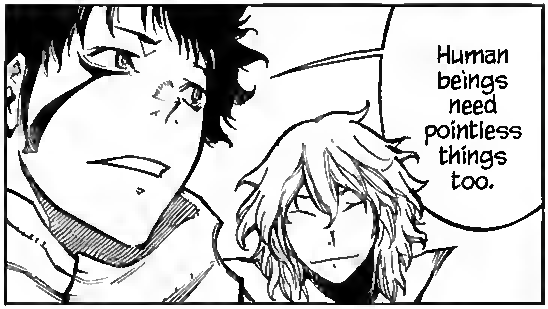
...It sounds kinda noisy outside.



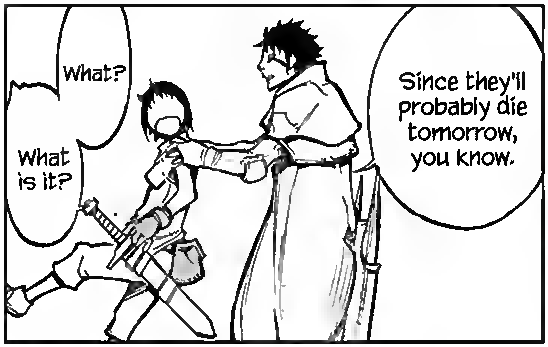
I'm not giving you my little sister!
My Imperial Capital souvenir fits you nicely, doesn't it?

this wouldn't have been possible...

If what he said was true,

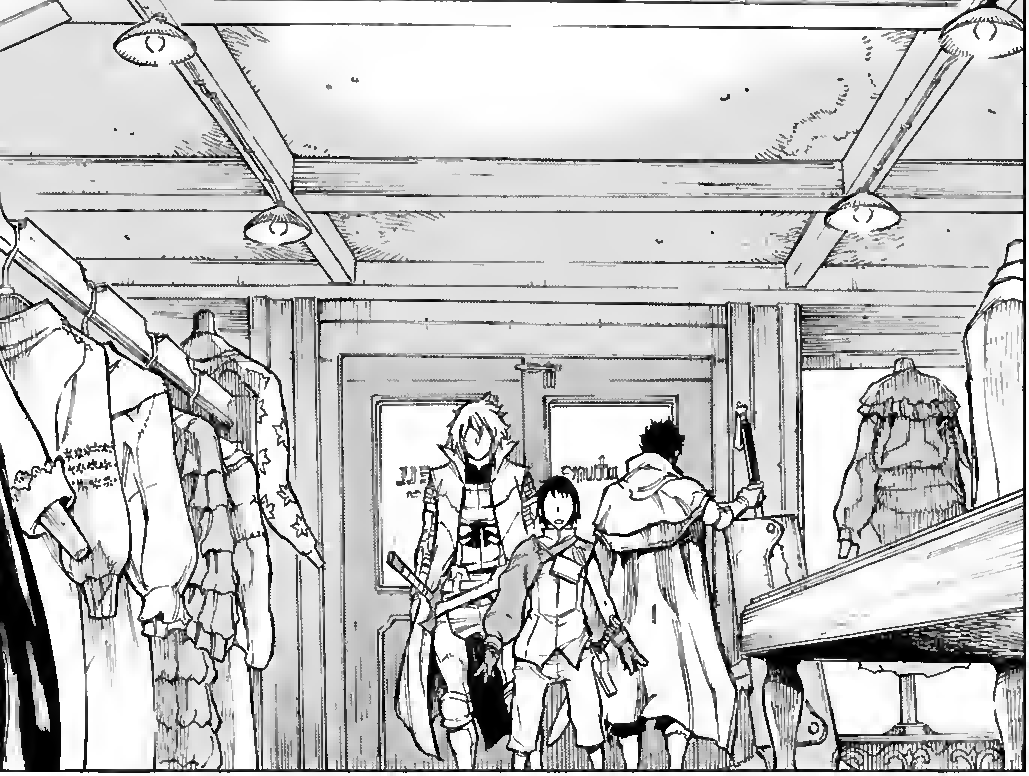


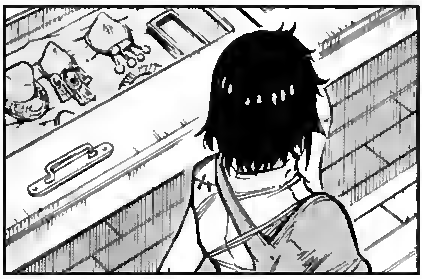
Human beings need pointless things too.

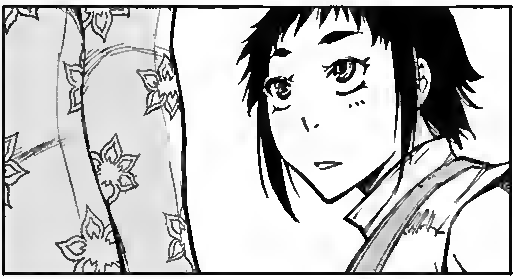


What?
What is it?
Since they'll probably die tomorrow, you know.

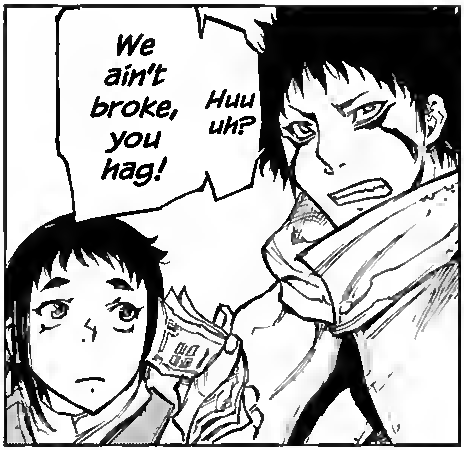
Shall we go browse?
That's a pointless waste of time.
Huh?
I'm fine.



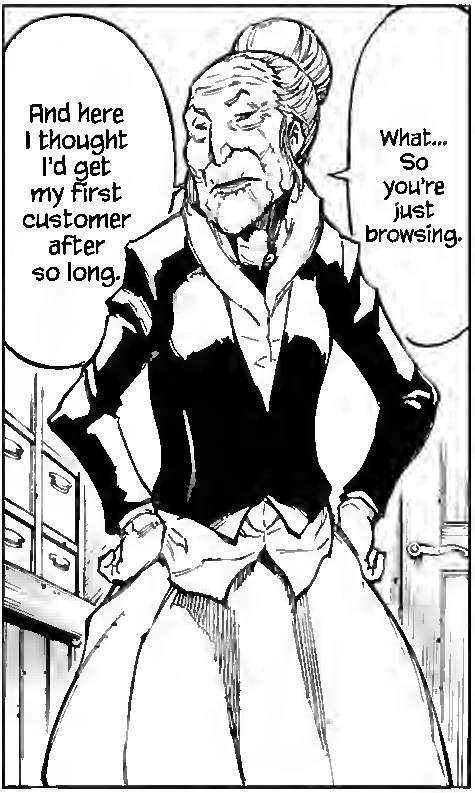




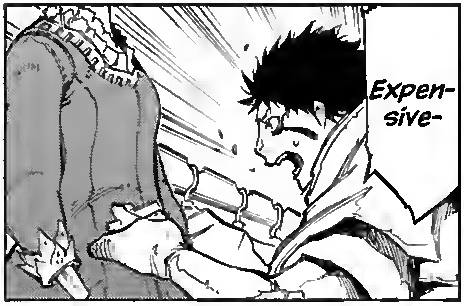
What kind of article are you interested in buying today?
Welcome!



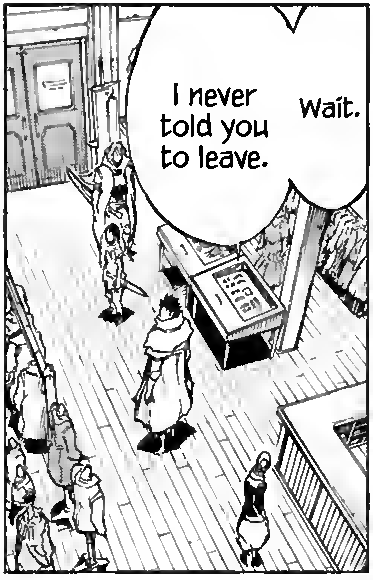
We ain't broke, you hag!
Huu uh?



What... So you're just browsing.
And here I thought I'd get my first customer after so long.



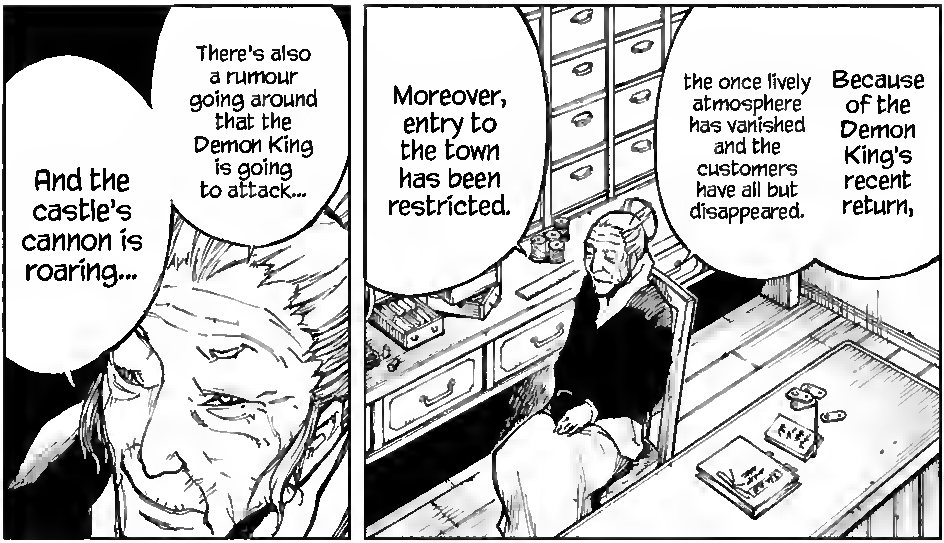
Expen-sive-



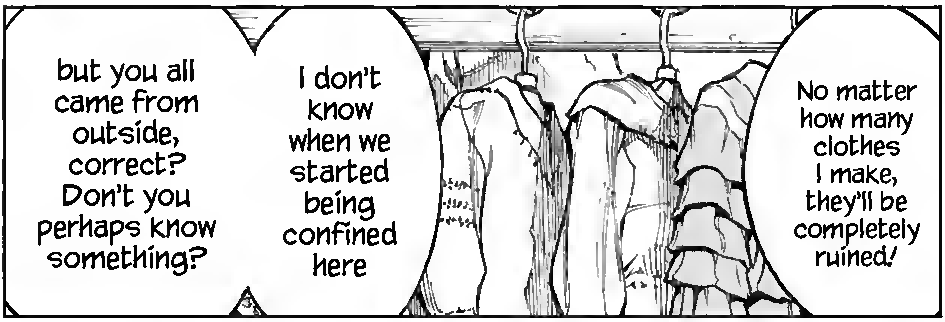
Wait.
I never told you to leave.

What the hell. Fine. We'll go.

That's because this is a well-established shop which also tailors clothes for nobles.



There's also a rumour going around that the Demon King is going to attack...
And the castle's cannon is roaring...
Because of the Demon King's recent return,
the once lively atmosphere has vanished and the customers have all but disappeared.
Moreover, entry to the town has been restricted.



No matter how many clothes I make, they'll be completely ruined!
I don't know when we started being confined here
but you all came from outside, correct? Don't you perhaps know something?

You go look at the clothes.

Um...
If there is wide-spread panic in this secluded place...

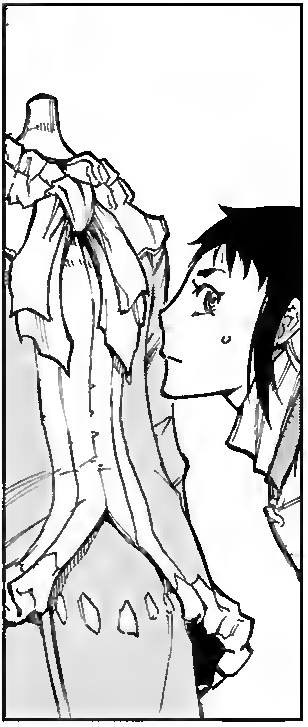
It's still only been about half a month since the tenth Demon King was annihilated.
Everywhere's the same as here... There isn't really anything happening out there in particular.

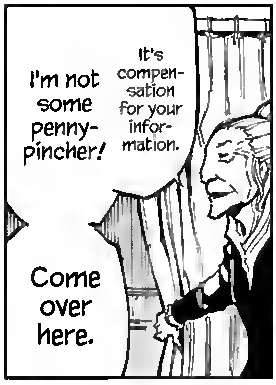
Maybe it's because of the recent Demon King? The beasts have definitely gotten more active,
but sooner or later, the restriction here will be lifted.
Well, you don't need to worry, you know?
Ah-
Ahh, I see.

Mm-

My son and his wife headed off for a dye exchange, you see.
I see. I'm a little relieved to hear that.

Eh...! Are you sure?
Would you like to try it on?
Are you pleased with that one?





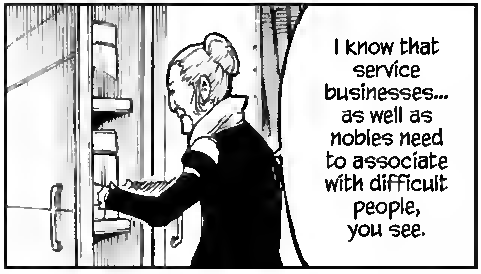
I'm not some penny-pincher!
It's compensation for your information.
Come over here.

Ah... But, I'm dirty-

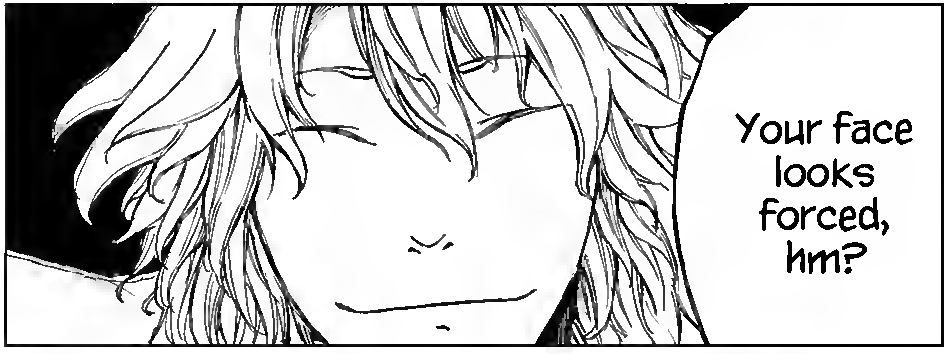
Hmm...
Yo-you sure about this?
It's pretty nice, isn't it?
Don't you think?

We're already done, right? Let's go.
.....

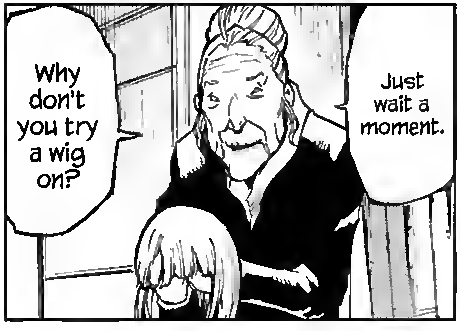
It's pretty good.
It really suits you.



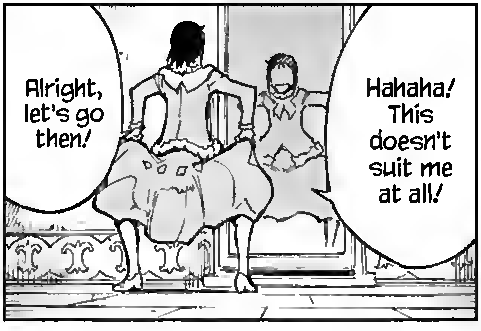
I know that service businesses... as well as nobles need to associate with difficult people, you see.



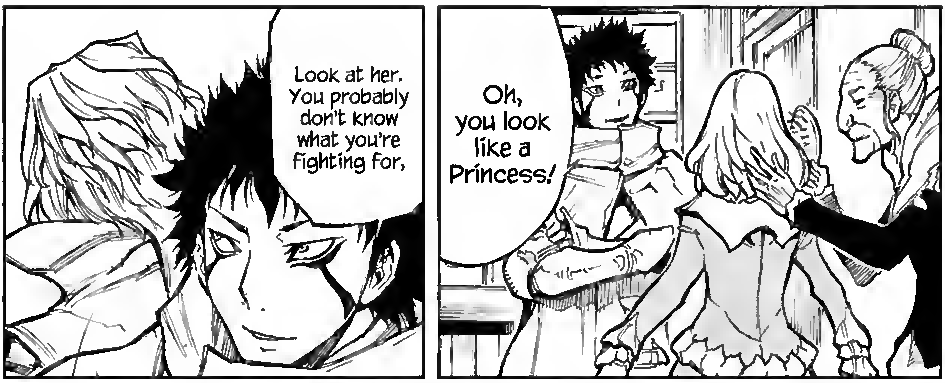
Your face looks forced, hm?



Why don't you try a wig on?
Just wait a moment.



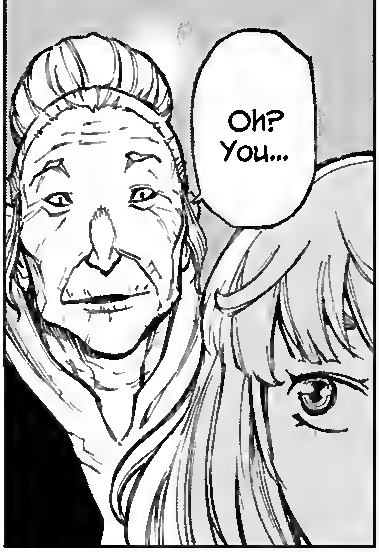
Alright, let's go then!
Hahaha! This doesn't suit me at all!



Look at her. You probably don't know what you're fighting for,
Oh, you look like a Princess!

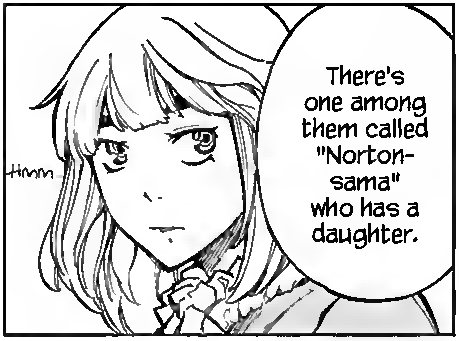
but we humans are probably fighting for her.

A Princess, huh...?

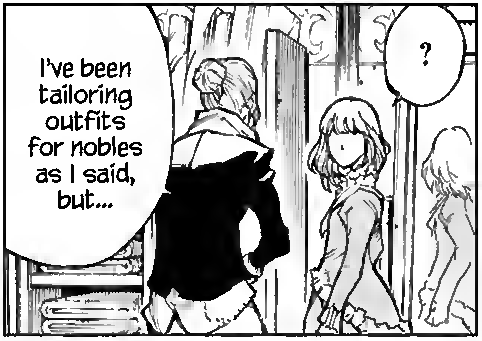


Oh? You...

I do know that I haven't specified her protection, though.
Ah...!
What a bother-some guy.
I don't care anymore!

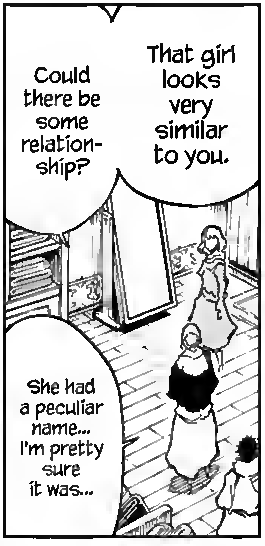


There's one among them called "Norton-sama" who has a daughter.
Hmm

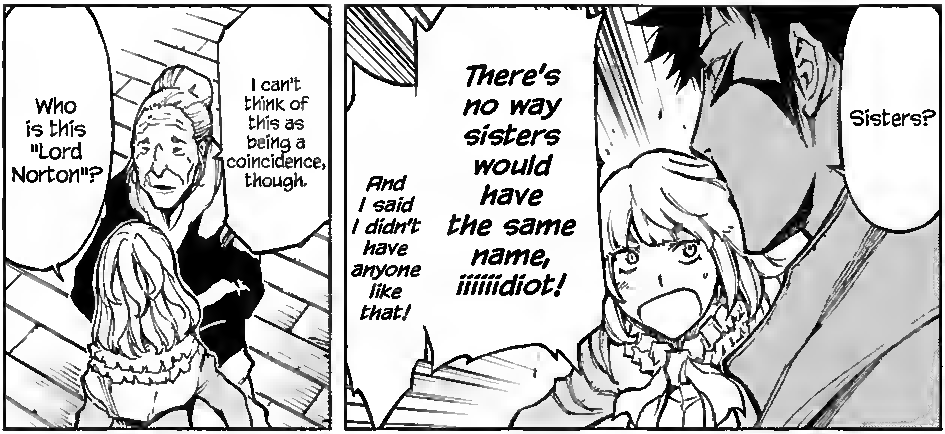


I've been tailoring outfits for nobles as I said, but...
?

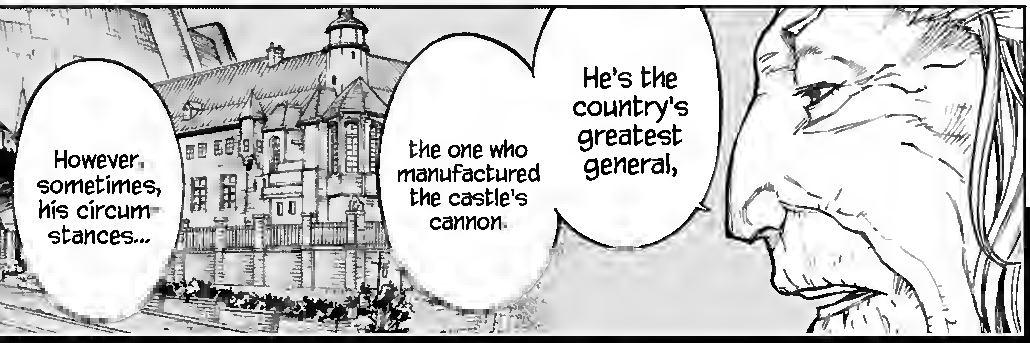
Yomi.
She has the same name as me!?



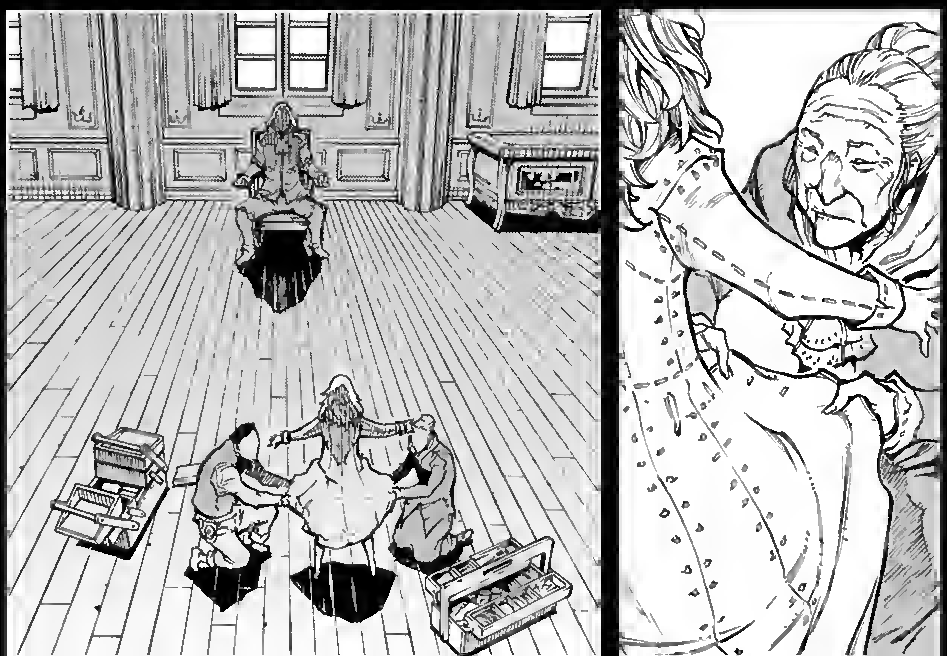
That girl looks very similar to you.
Could there be some relation-ship?
She had a peculiar name... I'm pretty sure it was...



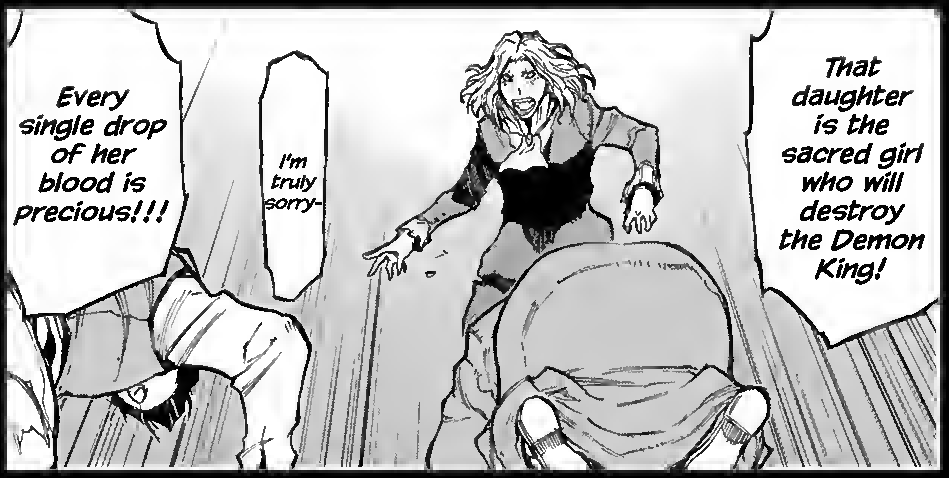
Who is this "Lord Norton"?
I can't think of this as being a coincidence, though.
Sisters?
There's no way sisters would have the same name, iiiiiidiot!
And I said I didn't have anyone like that!



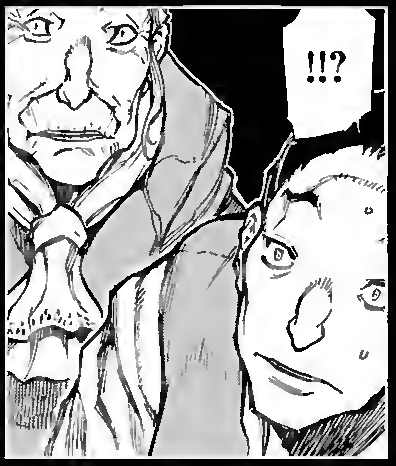
He's the country's greatest general,
the one who manufactured the castle's cannon.
However, sometimes, his circumstances...



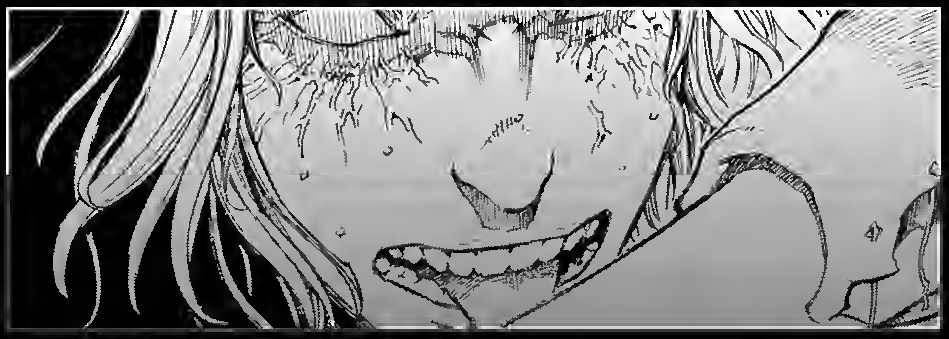
Ah...!
I-
I apolo-gize!!
What are you doing !!!?

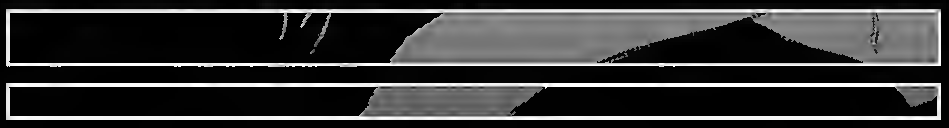


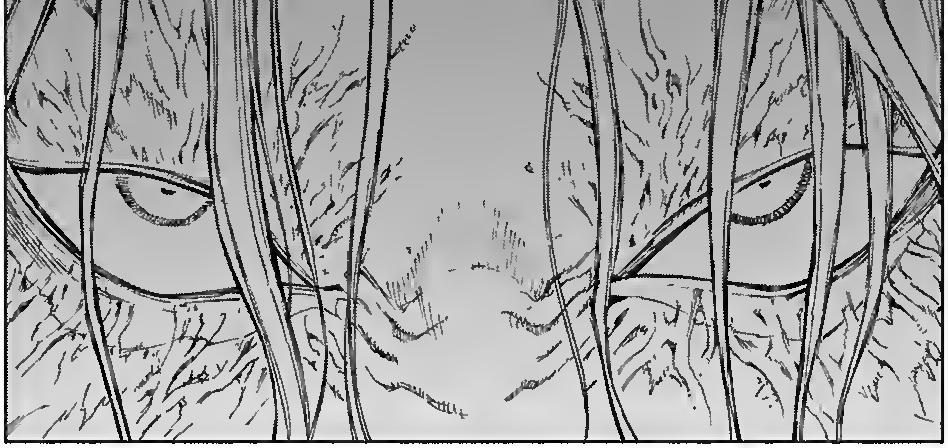
Every single drop of her blood is precious!!!
I'm truly sorry-
That daughter is the sacred girl who will destroy the Demon King!



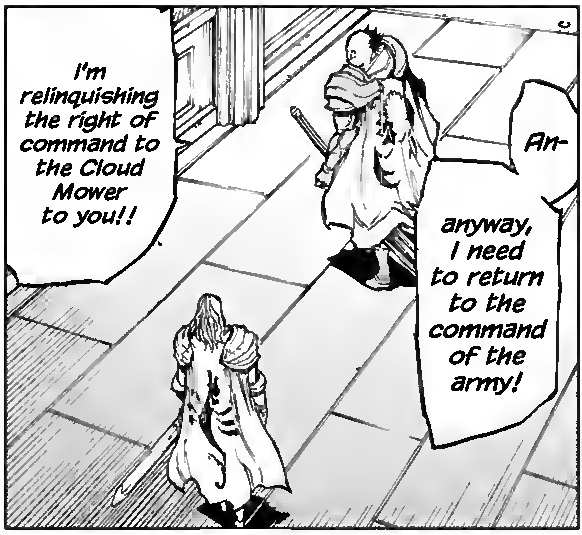
!!?



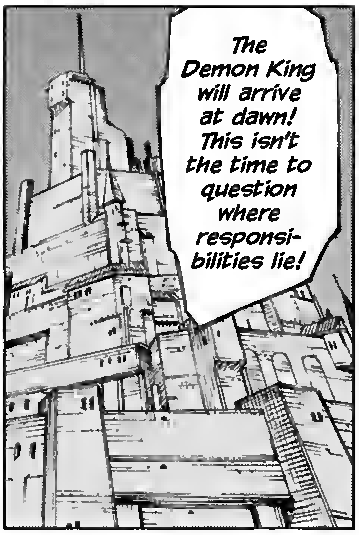




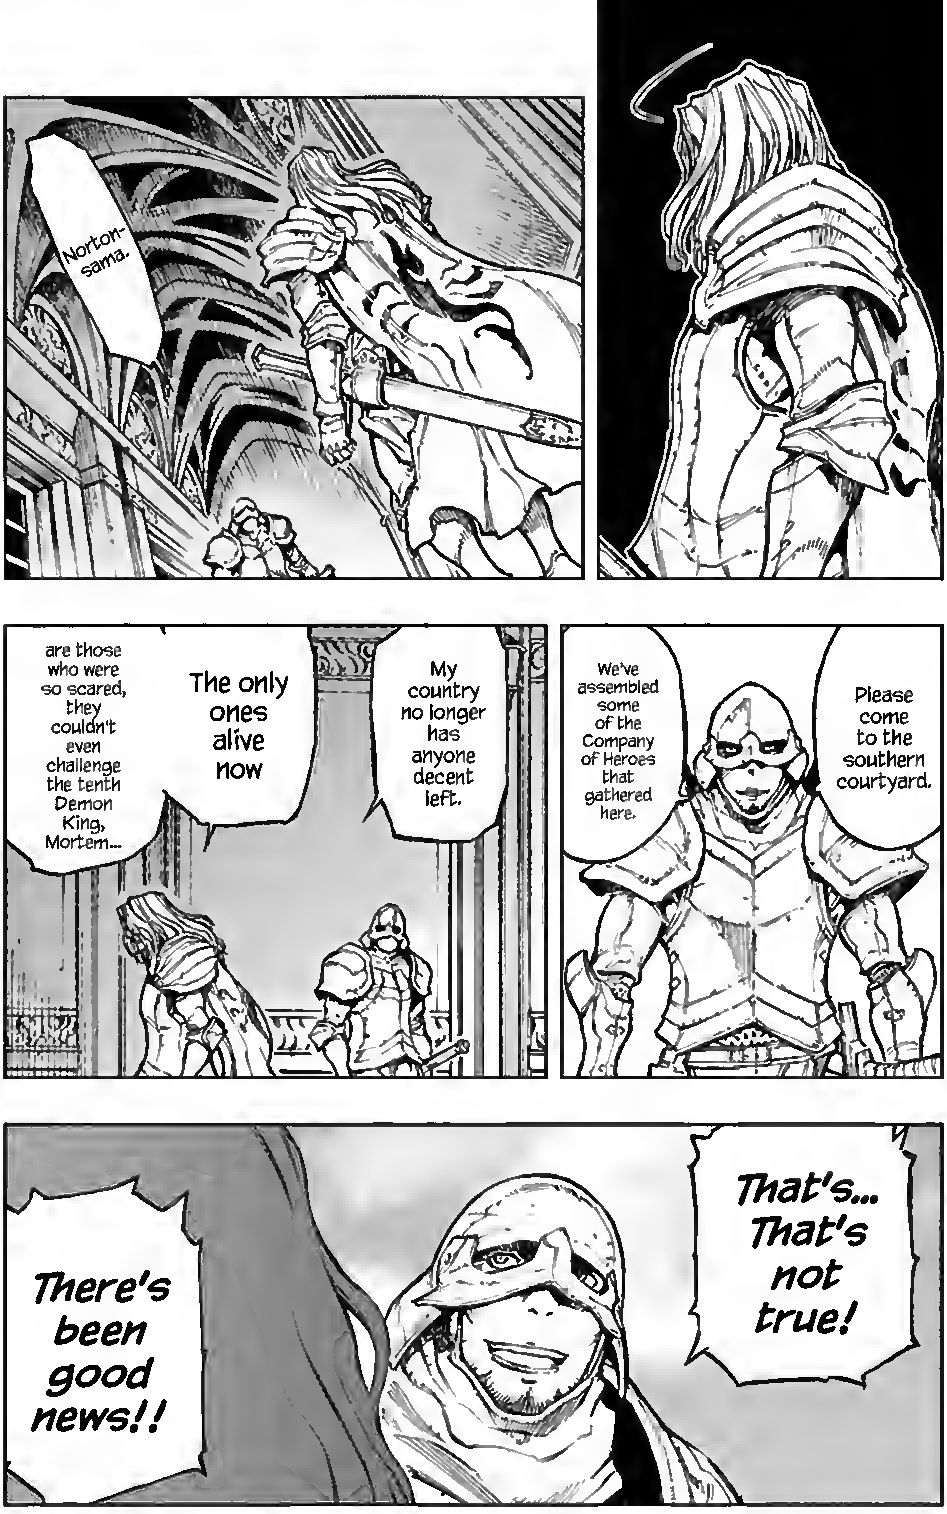
Ur...
gh...



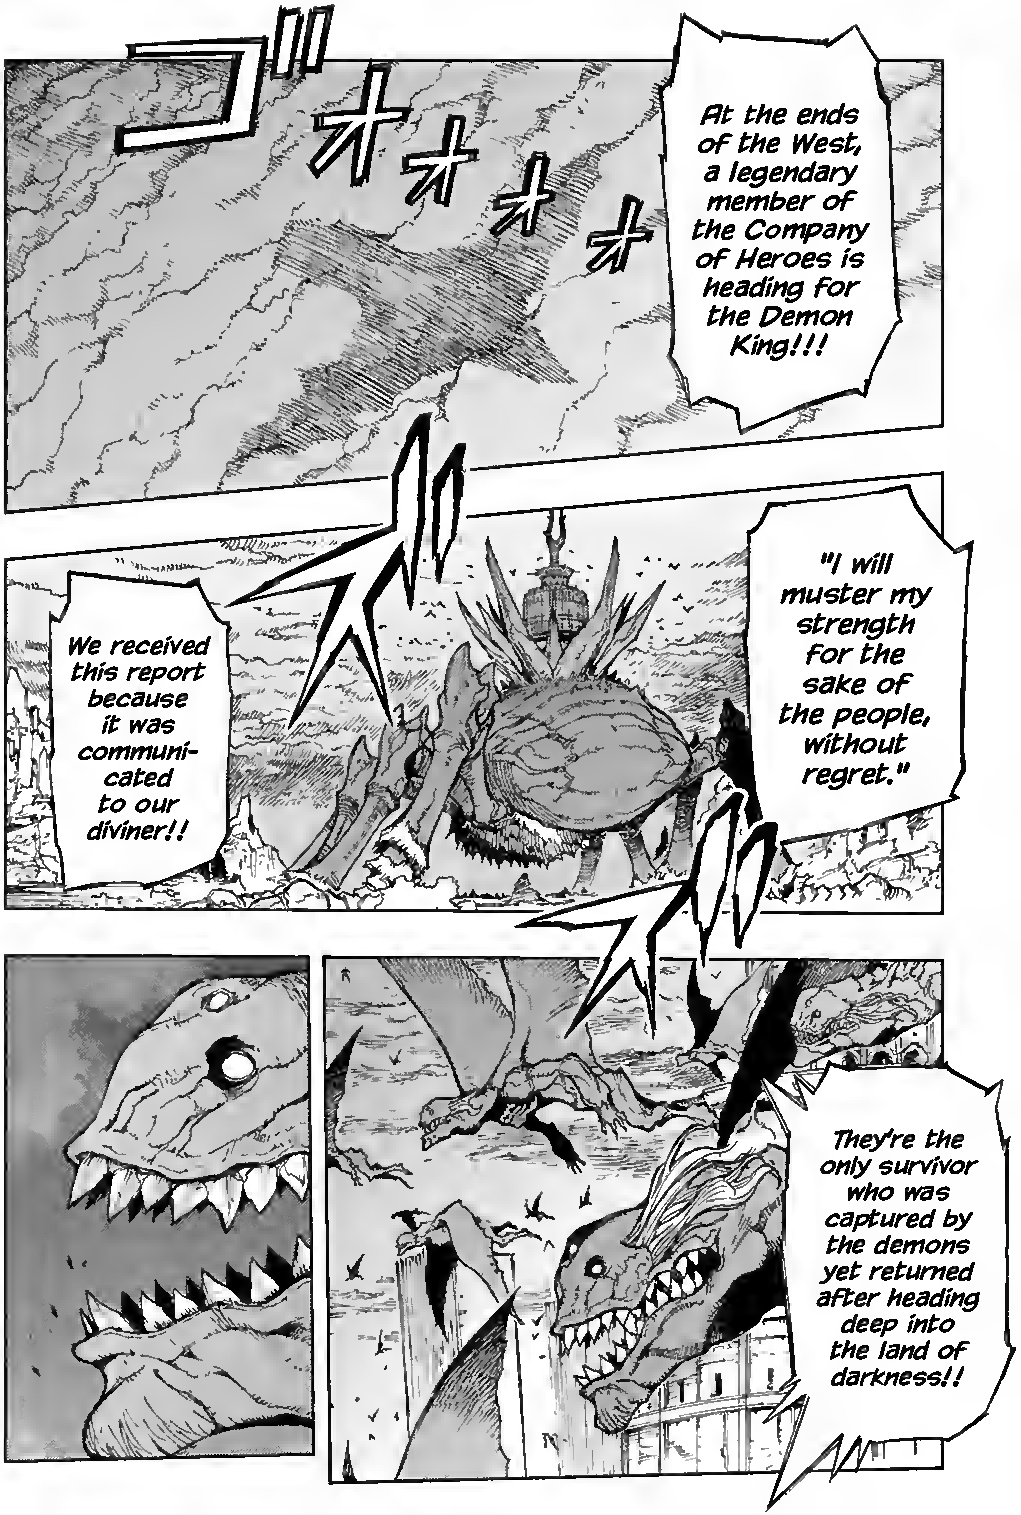
I'm relinquishing the right of command to the Cloud Mower to you!!
An-
anyway, I need to return to the command of the army!



The Demon King will arrive at dawn! This isn't the time to question where responsi-bilities lie!

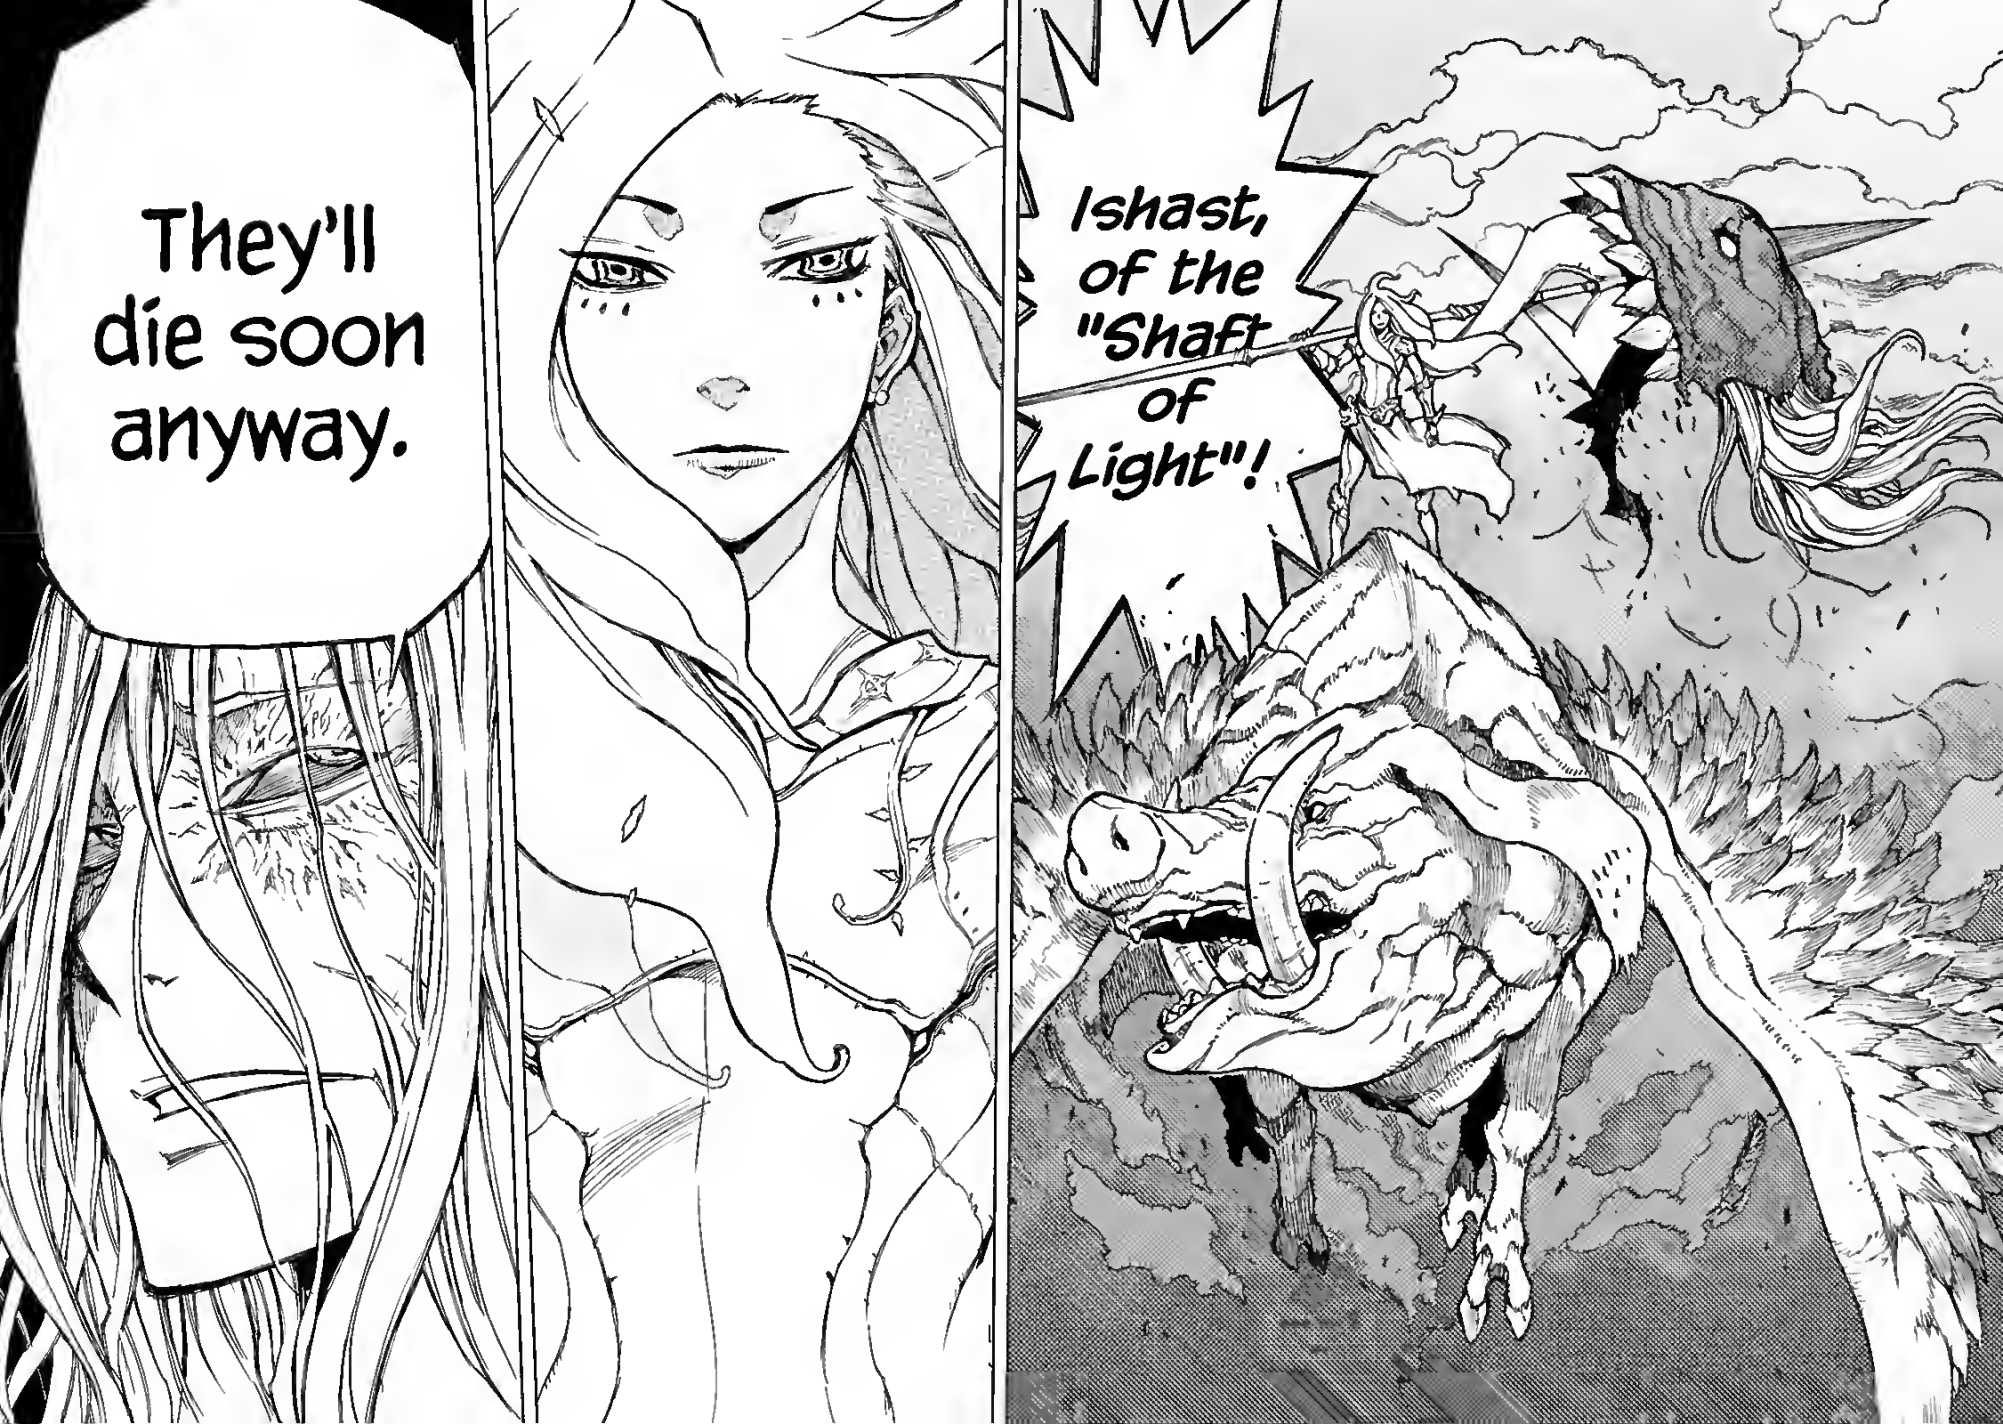


Norton-sama.
Please come to the southern courtyard.
We've assembled some of the Company of Heroes that gathered here.
My country no longer has anyone decent left.
The only ones alive now
are those who were so scared, they couldn't even challenge the tenth Demon King, Mortem...
That's... That's not true!
There's been good news!!

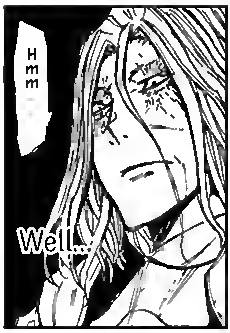


ゴォォォォ
At the ends of the West, a legendary member of the Company of Heroes is heading for the Demon King!!!
We received this report because it was communicated to our diviner!!
"I will muster my strength for the sake of the people, without regret."
They're the only survivor who was captured by the demons yet returned after heading deep into the land of darkness!!

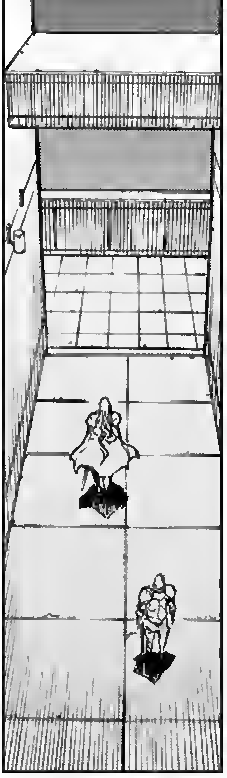
キィン
The "Demon Slayer"!!
The "Master of the Lance of Light"!!

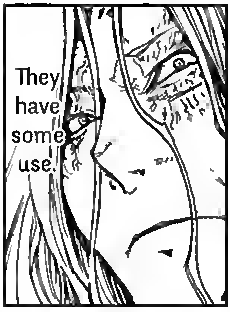


They'll die soon anyway.
Ishast, of the "Shaft of Light"!



Hmm
Well...





They have some use.

That man...!
